CTIL Annual Network Update Plans Spreadsheet 2015

Telefónica UK Limited has entered into an agreement with Vodafone Limited pursuant to which the two companies pool their basic network infrastructure across the UK. These arrangements are overseen by Cornerstone Telecommunications Infrastructure Ltd (CTIL) which is a joint venture between Telefónica UK Limited and Vodafone Limited.

This agreement allows both organisations to pool their basic network infrastructure, while running two, independent networks. This will help to consolidate the number of base stations and significantly reduce the environmental impact of network development.

For any enquiries please contact: [name redacted], Head of Planning and Community Engagement, CTIL [email redacted]
