**WHAT IS HATE CRIME?**

A hate crime is when somebody, be that a victim, a witness or someone else, thinks that the crime occurred, at least partly, due to the victim’s race, disability, sexuality, religion, appearance, gender/transgender or age.

**WHAT IS CACH?**

CACH is an organisation set up to support victims of hate crime and people who experience discrimination. We are supported by local agencies such as local councils, the Citizens’ Advice Bureau, Mencap, Staffordshire Police, housing associations and many others.

**WHAT DO WE DO?**

We support the victim in whatever way they want, from being a listening service to enabling them to take legal action. The work we do with our partners ensures that the support we offer can be tailored specifically to the needs of the victim.

We also carry out proactive work offering sessions in schools talking to young people, promoting tolerance and discussing the impact of discrimination and bullying. We also offer training to relevant or interested groups.

**WHAT HAPPENS IF YOU MAKE A REPORT?**

If you provide your contact details then we will contact you as soon as possible to discuss the incident and talk through your options. If you do not want us to contact you then your report will be used to highlight areas where we can do more proactive work in the community.
